

## **Faculty Recruitment**

Assistant/Associate/Full Professor, Pesticide Toxicology

The Department of Entomology at National Chung Hsing University in TAIWAN is actively seeking a highly motivated scientist specializing in pesticide toxicology. The successful candidate must meet the following criteria: **1).** Possess a Ph.D. degree in entomology or a related field; **2).** demonstrate research expertise in pesticide toxicology; **3).** exhibit proficiency in both English and Chinese languages, along with the ability to lecture in English; **4)** offer courses in insecticide toxicology, pesticides, and general biochemistry; **5)** deliver an oral presentation in English and conduct a lecture as part of the interview process.

The position will be available by **February 1<sup>st</sup>, 2025**

Candidates who are interested should submit a single PDF file application package, containing the six listed items, to entom2@nchu.edu.tw by **5 pm (UTC+8) on April 30<sup>th</sup>, 2024.**

1. Curriculum vitae including contact information, portrait photo, educational background, relevant academic employment, and publication list.
2. Copy of Ph.D. degree certificate.
3. Copy of Ph.D. dissertation.
4. Copy of five publications, and describing its importance in respective research filed.
5. Proposal for the course, insecticide toxicology, pesticides, and general biochemistry. Lecturing plan for additional courses are also welcome.
6. Supplementary material: certificates of post-doc research, relevant academic employment, and teaching experience, etc.

**Recommendation letters:** Two referrers should send their letters to entom2@nchu.edu.tw, directly by **April 30<sup>th</sup>, 2024, at 5 pm (UTC+8).**

One referrer should be applicant's current supervisor or laboratory primary investigator.
