

## Invitation Letter

Dear colleague,

This is the final call-for-paper for APSAEM2014. Due to several requests from conference participants, the organizing Committee has decided to extend the dateline until **June 10** for the digest submission and until **June 20** for the digest acceptance notification.

On behalf of the Organizing Committee, I would like to invite **YOU** to participate in the 8th Asia Pacific Symposium on Applied Electromagnetics and Mechanics (APSAEM2014). The symposium will be held at Taichung, Taiwan, on July 22 to July 25, 2014.

The symposium will be a good opportunity for highlighting the new results and directions of the applied electromagnetics and mechanics. Based upon your contribution to this field, we expect that you could give a speech at our symposium. Certainly, you can look through the program and select a track for your priority.

The participants of the symposium will have the opportunity to take part in the wide spectrum of categories for technical presentations, including keynote lectures and regular papers of both oral and poster session types. We look forward to seeing YOU in Taichung, Taiwan.

The homepage of the symposium has been updated, including the registration fee for student attendant and the important dates. Also the section of “registration and submission” has also been enacted. For more details about the symposium, please feel free to contact me or log on the conference website: <http://www.apsaem2014.nchu.edu.tw>.

Sincerely yours,

Prof. Chin-Yih Hong  
Chairman of Organizing Committee of APSAEM2014
