受文者：國立中興大學

發文日期：中華民國110年8月19日

發文字號：澳教字第1100819107號

速別：普通件

密等及解密條件或保密期限：

附件：如文(附件一 1100819107_Attach1.pdf、附件二 1100819107_Attach2.pdf)

主旨：為宣導111年教育部與世界百大合作設置獎學金—臺灣雪梨大學獎學金，本組與澳洲雪梨大學將於本(110)年9月14日中午12時至下午1時(臺灣時間)合辦免費線上說明會，以全英語進行，請周知 貴校有興趣與該校進行學術研究合作之教職員及有興趣申請本博士獎學金之學生註冊參加，請 查照。

說明：

- 一、教育部與澳洲雪梨大學於109年起每年共同出資選送至多5名我國優秀學子赴該校就讀博士學位。111年教育部與世界百大合作設置獎學金(含臺灣雪梨大學獎學金)甄選簡章尚待公告。110年本獎學金獎助額度及申請資格等資訊請參見教育部官網 (<https://depart.moe.edu.tw/ED2500/News.aspx?n=92DC002FDE1CC633&sms=CF7FFA69EB91FF61>) 之110年「教育部與世界百大合作設置獎學金」甄選簡章。惟申請111年本獎學金之一切事宜，應依教育部公告之111年甄選簡章規定辦理。
- 二、為宣導111年教育部與世界百大合作設置獎學金—臺灣雪梨大學獎學金(Taiwan-University of Sydney PhD Scholarship)，鼓勵我國大專校院與該校進行學術研究合作及鼓勵符合資格之我國學生踴躍申請本獎學金，本組

Why choose a research degree at the University of Sydney?

“It’s our responsibility to conduct the very highest quality research possible, driven by a desire to understand and discover new knowledge about the most fundamental and challenging problems that exist in our disciplines.”

Deputy-Vice Chancellor (Research) Professor Duncan Ivison

Work alongside some of the world's brightest and most accomplished academics, access high-calibre facilities, and discover our new curriculum.

Our research is driven by the big picture. Ranked second globally in the Times Higher Education Impact Rankings and in the top 45 of research universities around the world*, the University of Sydney is home to leading researchers who are finding solutions to the world's most pressing issues by changing the way they look at them.

2nd globally and 1st in Australia for research impact
Times Higher Education (THE) University Impact Rankings 2020

2nd in Australia and 36th in Asia Pacific for innovation
Reuters' Most Innovative Universities (Asia Pacific) 2018

Australian Government
Excellence in Research

Why choose a research degree at the University of Sydney?

At the University of Sydney, you will be exposed to 100 plus multidisciplinary research and teaching centres including the purpose-built Charles Perkins Centre, the Nano Institute and the Brain and Mind Centre.

Our collaboration with other universities will give you unique opportunities to partner with top-ranked international institutions, including Harvard University, Stanford University, UCLA, Shanghai Jiao Tong University and the University of Hong Kong.

We also provide significant internal funding opportunities to exceptional early- and mid-career researchers, including the Robinson Fellowships and Sydney Research Accelerator (SOAR) fellowships. This means that you have the chance to take the next step in your career at the University of Sydney, after completing your research degree.

Our new Higher degree by research (HDR) curriculum

To support the research capabilities and success of HDR students, and in response to a changing world, we are introducing a new coursework component to our PhD degrees and broadening the coursework options for our other postgraduate research degrees.

You will have the opportunity to create a distinct research pathway by selecting from 270+ units from any faculty – a first of its kind in Australia – with study areas ranging from specialist analytical methods and professional engagement courses, to discipline-specific subjects.

Our postgraduate research degrees

Our research degrees involve in-depth study in a specialised area. We offer two main types of higher degrees by research.

Master’s degree by research or Master of Philosophy (MPhil)

This degree usually requires 1–2 years of full-time study and allows a candidate to undertake research and advanced specialisation. It can also provide a pathway to further study at the PhD level.

Doctor of Philosophy (PhD)

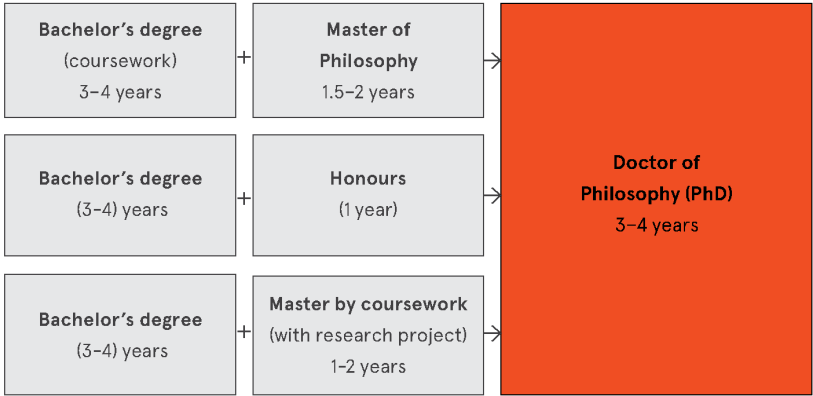

This is our premier research award and the highest qualification that you can attain in Australia. It usually takes 3–4 years of full-time study and consists of independent research and writing on an approved topic toward a thesis for examination.

Learn more about our postgraduate research degrees at sydney.edu.au/study/pg-research

Pathways to research

There is more than one pathway to a research degree.

Pathways to research

Scholarships for research students

We have one of the largest research scholarship schemes in Australia available to both domestic and international students including the Australian Government funded Research Training Program (RTP) stipend scholarships, University of Sydney and faculty-specific awards. We also participate in a range of international scholarships such as the Australia Awards, Endeavour Scholarships and the China Scholarship Council, to name a few*.

How to apply

Admission to research degrees is highly competitive. You will need to secure the support of a supervisor before you can proceed to the application stage.

Visit sydney.edu.au/study/how-to-apply

Step 1: Determine eligibility and suitable course

The most important criteria to assess your eligibility to pursue HDR study is your previous research experience. The two main HDR options are the Doctor of Philosophy (PhD) and Master by Research/Philosophy.

Check the course specific requirements at

– sydney.edu.au/courses

Step 2: Develop your research proposal and find a supervisor

Develop an initial research proposal that clearly explains your proposed research project. Think carefully about how it aligns with the work of your potential supervisor. Check out these guidelines on how to write a research proposal for a strong PhD application

– sydney.edu.au/phd-research-proposal

Step 3: Funding your HDR study

For domestic students, you do not pay tuition fees as this is covered by the government Research Training Program fee off-set. For international students, tuition fees are applicable. Depending on your research project many, PhD students also work part-time to fund their study, similar to undergraduate and postgraduate coursework students. Make sure to also research available scholarships for help in funding your research or helping you with living costs while you do your research.

Step 4: Submit official application online with required documentation

When you have secured a supervisor, you will discuss and refine the project together. Once your research proposal is finalised, gather all the essential documents that you will need to submit with your application. Apply directly online at

Where can research take you?

Whether you're an aspiring academic, seeking a competitive edge in your work, or want to explore a passion, a research degree will take you to the pinnacle of your career.

Smart technology to protect against bushfires

"We actually model and control the spread of fire in a similar way to the modelling of epidemics. It is fascinating how both bushfires and epidemics – as well as other spreading processes – have very similar underlying models."

Vera Somers

Doctor of Philosophy
Faculty of Engineering

Shaping the future of transport

"Research focusing on mobility as a services or MaaS, which envisages a shift away from transport systems based on private ownership and towards "access-based models integrating a range of mass transit and on-demand services as subscription products."

Yale Wong

Doctor of Philosophy
Business School, Institute of Transport and Logistics Studies

Sydney-Taiwan Partnership Showcase and Joint PhD Scholarship Webinar

The University of Sydney and Taiwan: How our partnership supports researchers and students

Tuesday 14 September 2021

12:00 PM – 1:00 PM, Taipei / 2:00 PM – 3:00 PM, Sydney

About this event

Interested in studying in a globally top-50 ranked university?

Looking for a PhD scholarship to support your overseas study?

Seeking to establish a research partnership and develop links with international collaborators?

Join this free webinar to find the ways!

You will

find out how the University of Sydney supports Taiwanese students through the Sydney-Taiwan joint PhD scholarship program

learn about the University of Sydney and Taiwan research partnership that focuses on real-world challenges, and

- *have an opportunity to connect with PhD students and staff at the University of Sydney in a live Q&A.*

Speakers

Associate Professor Christopher Gordon

Faculty of Medicine and Health, The University of Sydney

Associate Professor Amy Conley Wright

Faculty of Arts and Social Sciences, The University of Sydney

Associate Professor Hung-Wei (Homer) Yen

Director of International Affairs, College of Engineering, National Taiwan University

Assistant Professor Ching Hsuan Lin

Department of Social Work, National Taiwan University

Ms Imogen Sheridan

Recruitment Manager HDR, Sydney Future Students, The University of Sydney

Ms Jill Lai

Director of Education Division, Taipei Economic and Cultural Office in Australia

Session Chair

Dr Yi-Sheng (Eason) Chen

Faculty of Engineering, The University of Sydney

Registration

<https://www.eventbrite.com.au/e/166476938003>

Program and online meeting invitation will be provided following successful registration.

雪梨大學線上說明會

雪梨大學臺灣專屬博士班 獎學金與研究合作

2021年 9月14日 周二

臺北時間 中午12點 至 下午1點

雪梨時間 下午2點 至 下午3點

目標到全球排名前50的大學攻讀博士？

正在尋找博士全額獎學金？

希望跟澳大利亞頂尖大學建立合作？

歡迎參加本次雪梨大學的線上說明會！

活動內容

介紹臺灣雪梨大學博士獎學金

- 介紹雪梨大學與臺灣大學的研究合作發展
- 雪梨大學教職員與博士生Q&A及經驗分享

邀請講者

Christopher Gordon 副教授

雪梨大學醫學院

Amy Conley Wright 副教授

雪梨大學人文和社會科學院

顏鴻威 副教授

國立臺灣大學工學院國際事務執行長

林敬軒 助理教授

國立臺灣大學社會工作學系

Imogen Sheridan 經理

雪梨大學招生處
